

BUIP115: Drop support for BTC

Submitted by: Griffith

Date: 2019/3/27

Summary

The purpose of this BUIP is to determine if BU is to continue to release clients supporting BTC

Proposal

BTC should no longer be supported by BU in future releases.

In the event that this BUIP passes The Developer's authorization to put out a client release supporting BTC is revoked.

This BUIP has been requested by Johnathan Silverblood for completeness
